

Year	Name	Title of Publication
2020-2021	Abhijit Chakraborty	Reconstruction of the depositional milieu during Pleistocene-Holocene transition: A preliminary study at the Eastern Subarnarekha Coastal Region based on borehole samples
	Abhijit Chakraborty	Bioturbation by crab populations vis-à-vis sediment dispersal in Sagar Island, Hugli Estuary, India
	Bhaskar Ghosh	History of the development of constitutive equations for strain-rate-metry from microstructures
	Bhaskar Ghosh	Four decades of recrystallized quartz grainsize paleopiezometry: Progressive development of the principles
	Dr. Ranu Naskar	Changing Trends in Environmental Education of India in 20th and 21st century: an overview
	Dr. Ranu Naskar	Significance of toxicology and metal pollution in aquatic environment: Cause and impact'
	Dr. Ranu Naskar	Conservation of Sundarbans mangrove ecosystem and sustainable use of biodiversity
	Dr. Ranu Naskar	Physical disability affecting child's mental health, development and education
	Dr. Ranu Naskar	Some major social issues and challenges to Indian economy: Impact and solutions
	Dr. Ranu Naskar	Some major urban environmental issues in India: An overview
	Dr. Ranu Naskar	Sustainable use of rain water: A solution to ground water depletion
	Dr. Ranu Naskar	Ensuring food security by promoting conservation and sustainable utilization of biodiversity for a hunger free world
	Dr. Ranu Naskar	Water pollution as one of the emerging problems in urban and rural areas of India
	Dr. Ranu Naskar	Impact of Covid-19 pandemic and lockdown on college student's education and mental health
	Dr. Ranu Naskar	Covid-19 pandemic and environmental challenges: An overview
	Souvick Biswas	Insights of Cisplatin Resistance in Cervical Cancer: A Decision Making for Cellular Survival
	Dr. Indrani Chakraborty	Ways towards mitigation of mass extinction and biodiversity loss in near future

Ballari Chakrabarti, A. Bhattacharya, S. Pal, R. Ghosh	Baryon masses in medium with momentum dependent potential
Ballari Chakrabarti, A. Bhattacharya, S. Pal, R. Ghosh	A theoretical investigation on tetraquark states in the context of composite fermion model of diquark
Kaushik Kiran Ghosh	A discourse on Balneotherapy – An Ancient Rejuvenating Geomedical Practice
Sukanya Ghosh	Covid-19 in the Context of Socio-Political and Economic Perspectives in India: Challenges and Prospects
Anwesa Bandyopadhyay,Ushri Banerjee	A study to assess personality,social adjustment,and social desirability of young adults who post their selfie on social media.
Partha Malakar,Anwesa Bandyopadhyay	Role of Triguna as personality dimension in Academic Achievement,Devine Entitlement,Divine Struggles and Psychological distress among postgraduate students
Indrani Chakraborty	Extreme dilutions of mercuric chloride produce prolonged binding interaction with α -amylase and higher heat change than blank solvents
	Novel Coronavirus (COVID-19) infection shows mild negative correlation with smoking
	Effects of Ultra High Dilution of Paraquat 30 cH on Growth, Chlorophyll Content and Yield of Rice Crop
	Raman Spectroscopy of High Dilutions of two drugs in Aqueous ethanol solution shows variation in clathrate hydrate crystals
