Action taken report based on Stakeholder feedback on syllabus

The college follows the prescribed curriculum of the affiliating University and as such has no scope of curriculum design. However, based on the feedback from various stakeholders on different aspects of the curriculum, the following steps have been taken to enrich and supplement the curriculum and to ensure that the Program and Course Outcomes are fully achieved:

1. Seminars / webinars/ workshops/ Add-on courses on curricular and interdisciplinary topics have been regularly organized and eminent speakers invited to deliver lectures on frontier areas of research in order to give the students a wider knowledge and perspective of the subject.
2. Blended mode of instruction (Online and offline) is followed by the teachers so as to ensure the completion of syllabus within the stipulated time and also to provide ample scope for doubt clearing, practicing problems, peer group teaching and other student centric activities. ICT tools are used extensively to enhance the teaching-learning experience.
3. Continuous Internal Assessment is carried out through Class Tests, assignments, quizzes etc and the process of evaluation is transparent and efficient.
4. Field trips/ Internships and project work are carried out to fulfill the requirements of the prescribed curriculum. In addition, these forms of experiential learning have also been carried out as extra curricular activities where they are not prescribed in the University curriculum.
5. Career Counseling, career oriented courses, soft skill and personality development and other employability courses are regularly organized by the college
6. Value Orientation Programmes, Community Outreach and other extension activities have organized to ensure that the learning process is holistic in nature and that the students can connect and work for the overall good of the society.
7. Seminars/ webinars/workshops on issues related to gender , environment and sustainability have been organized and national and international commemorative days are observed with due respect.
8. Library infrastructure upgradation and automation has been completed to ensure easy accessibility by students and teachers. Regular stock replenishment by books prescribed by the University is also carried out. The teachers also recommend curriculum related books and e- resources outside the university- prescribed list.
9. Laboratory infrastructure upgradation, repair, maintenance and stock replenishment has been regularly done.
