

Structure

Medical Counselling Cell

College has a Medical Cell where a Registered Medical Practitioner gets available to provide free medical advice and basic medicine to students and staff.

A well-equipped Medical Room is there where Doctor-Patient discussion can be held in presence of a lady attendant.

Psychological Counselling Cell

College engaged a clinical psychologist towards mental well-being of students and staff who is available thrice a week in college. The service is available free of cost.

Both the Medical and Psychological Counselling Cell have been working in college for past few years.
